

Earth's Enigmas- Sir Charles G.D. Roberts

Earth's Enigmas/Charles G.D. Roberts/ Most of the stories in this collection attempt to present one or another of those problems of life or nature to which, as it appears to many of us, there is no adequate solution within sight. Others are the almost literal transcript of dreams which seemed to me to have a coherency, completeness, and symbolic significance sufficiently marked to justify me in setting them down. The rest are scenes from that simple life of Canadian backwoods and tide-country with which my earlier years made me familiar. ( CHARLES G D ROBERTS)
