A Portrait of the Artist as a Young Man
by James Joyce

A Portrait of the Artist as a Young Man is Joyce's semi-autobiographical first novel. It traces the early life of Stephen Dedalus and his inner struggle with the oppression of Irish society and the Catholic church, ending with his awakening as a poet and writer and self-imposed exile from Ireland.

"Welcome, O life, I go to encounter for the millionth time the reality of experience and to forge in the smithy of my soul the uncreated conscience of my race."
