## It's a Heart Life!

## It's a Heart Life is about...

- Swinging the door of our heart wide open to GOD and allowing Him to move in.
- It's about developing an awareness we are no longer "Home Alone."
- It's about connecting with GOD in our heart and living from a place of intimacy with Him.
- It's about being fully alive and lit with jOy as we are loved into our true identity.
- It's about doing life together and knowing we are sourced and resourced in Him.
- It's about "marking the spot" of our encounters and experiences so we can remember, revisit and share GOD's goodness.
- It's about *our* heart linking and syncing with GOD in *other hearts* and becoming "As One" in the Magnificent Adventure of life with Him.
- It's about our hearts becoming grand and glorious places where GOD lives...beacons of light and life that release the river of His Spirit and the power of His Presence.
