

This Month...

The gospel story doesn't stop with Jesus, the Resurrection. He continues to reach people through His Body. The Body of Christ. This month, we will meet Jesus, the Head of the Church and discover He is still very busy loving people through us. We are the earth part of the Body of Christ. The Executive is in the heavens.

The church, you see, is not peripheral to the world; the world is peripheral to the church.

JESUS IS BUILDING HIS CHURCH

The Apostle Paul spent approximately six of his thirty years of ministry in prison for preaching the gospel. His first Roman incarceration, known as his two-year house arrest, produced three great letters to churches, as well as a personal letter to his friend, Philemon. Although visitors could come and go, his "house" was a filthy Roman-owned insula, which he paid for himself to escape execution. He was chained to a soldier, but the Church could not be stopped.

A GREAT VISION + A GREAT TEAM = A GREAT VICTORY

Nehemiah left a luxurious life of affluence in a Persian palace for the dangerous, unpredictable, and thankless task of rebuilding the temple wall in Jerusalem.

Underline the word "prayer," and you'll discover a great secret to their success. By the way, the same Spirit who inspired this man of vision, gathered a loyal team, exposed the enemies' tactics, and finished a 193-year task in a miraculous 52 days is building the Church through us today.
