Signature Mastermind Experience: On Demand

Welcome to the **Signature Mastermind Experience: On Demand** — a curated, high-impact training series drawn from the core workshops of Keyspire's original Signature Mastermind Program. This on-demand training gives you exclusive access to the proven strategies, unique tools, and mindset frameworks that have helped thousands of real estate investors launch or level up their portfolios.

Workshop 1: Lifestyle Freedom Day™

We believe that before you figure out how to get somewhere, you need to know where you're going. This first session begins with the end in mind: designing the lifestyle you want, and learning how real estate can get you there. You'll shift away from limiting beliefs about income and toward a **lifestyle-first mindset**, setting a powerful vision that anchors everything to come.

Workshop 2: The Funding Building Blocks™

Every business needs capital, and in real estate, creativity is your superpower. This session teaches you how to structure deals using Keyspire's funding frameworks, including The Three Funding Streams™ and capital stacking strategies. You'll learn how to make "not your money down" deals work — again and again.

Workshop 3: The Investment Filter™

Here, you'll master the art of finding and qualifying great investments. Whether you're pursuing active or passive income, this workshop will equip you with practical tools to identify solid deals, avoid bad ones, and build a repeatable deal-flow system. You'll leave with clarity on how to recognize opportunity — and act on it.

Workshop 4: Closing with Impact

You'll gain the knowledge and confidence to negotiate and close deals strategically. You'll learn Keyspire's methods for making strong offers, structuring win-win outcomes, and planning for multiple exit strategies before you buy.

Lifestyle Freedom Day

This course helps you plan for Lifestyle Freedom Day (LFD) through strategic real estate investing. It covers portfolio building, financial management, passive income creation, risk tolerance, investment options, due diligence, and reverse planning to define the path to your LFD.

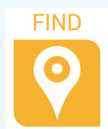

Raising Private Money

The Raising Private Money course is your comprehensive guide to mastering Joint Venture (JV) partnerships in real estate investing. Designed to equip both new and experienced investors, this bootcamp takes you through the full spectrum of the JV process—from understanding capital stacking and debt structures to confidently asking for the sale. You'll gain the knowledge and skills to build credibility, craft compelling offers, and structure deals that attract and retain investment partners. Learn how to present yourself as a trustworthy partner, effectively market your opportunities, and assemble the right team to take a JV deal from concept to close. By the end of this course, you'll be fully prepared to participate in and execute powerful JV strategies that can scale your portfolio and accelerate your investing goals.

Income Property Blueprint

Keyspire's premiere course is a step by step guide walking you through how to purchase your next income property, utilizing a combination of videos, resources and action items to keep you on track every step of the way. This 52-week course takes you through the four steps of Income Property investing:

Property investing starts with finding the right property. Find your next income property by using the Seeker, Magnet, or Delegator Method.

Once you find your income property, you'll need to fund it. There are five different funding options that will get you the money to close on the property.

Adding value to your property is key to your business's profitability. Optimize your property actively, passively, or by using a combination of both.

Now it's time to get paid. What is your exit strategy? Are you going to hold the property or sell it? Determine how this property is going to fit in your portfolio.

Templates, Tools, & Systems

In Keyspire's comprehensive suite of Templates, Tools, and Systems, we provide essential resources to empower your real estate success. The timing is right in their life to commit the time, money and focus for a bigger future. They are coachable and want to be a part of a community of people with aligned member values." - Michael Sarracini, CEO.

The Qualification Method

At Keyspire we are extremely intentional about who we WANT to serve. If we help everyone then we help no one. We don't just let anyone in the program, it is an extremely important core value, that we build our community of like-minded, similar people. This community culture has been built and nurtured for over a decade and is one of the aspects of Keyspire that you will not find anywhere else on the planet.

We want the right people to join our community. The right people will have the most fun and enjoyment. These are the people we build our programs & content for. These are the people that we LOVE to work with. The right people will continue to ensure that the Keyspire culture will remain the gold standard for Real Estate Investor Communities.

Now more broadly, these people are successful with the Keyspire system. They embrace our coaching,

our tools, our mindsets with little hesitation. They are all in. They love the other people in the community. They have made progress with our systems, no matter how small. They rarely complain and if they do it comes from a genuine want to help Keyspire be better. They can often feel more like family or friends than customers. Their actions are aligned with the Nine Keyspire Member Core Values.

RIGHT-FIT CHECK LIST

You are a right-fit member and the Keyspire Signature Coaching Program is perfect for you if the following nine core values are TRUE:

Lifestyle Freedom:

Your end goal is to reach your Lifestyle Freedom Day. The day when your passive income meets or exceeds your lifestyle expenses. You want to one day add your unique value to the world on your terms, choosing to work when you want, work with who you want, and work on what you want. You are more excited about a lifestyle freedom future than private jets and sportscars.

Community:

You are looking for a community of like-minded people. You look forward to both contributing to and learning from the other program participants and to building long term relationships with them. You have a collaborative mindset. You are willing to work with others to achieve your goals. You add value. You don't just take, you also give.

Control:

You want to feel in control of your future. You want the stability and security in seeing that your future can be bigger than your past. You want to be there for the people that are most important to you. This increased confidence will help you sleep better at night freeing your mind for the enjoyment you want in life.

Coachable:

You are coachable. You're looking to improve and get better and are open to other people helping you do this. You do not believe that you know it all. You understand and appreciate the unique skills that others have developed and are willing to learn from them. You are looking for the shortcuts that others have created and are willing to try new things to reach your goals.

Patient:

You are patient. You know that all your problems will not be solved immediately, and all your goals will not be reached right away. You are willing to invest the time, effort, and money today for a bigger future. You believe that there are no unrealistic goals, only unrealistic timelines. You realize that great results take time and effort, you're willing to put in this time and effort and do what it takes to get the lifestyle freedom that you want.

Mindset:

You are willing to consider new opportunities. You see possibility where others see limitations. You see opportunity where others see only obstacles. You are committed to a bigger future for yourself. You believe in a bigger future for yourself and although you may not see it yet, you are committed to getting there. You value progress over perfection, and can commit to be consistently good and not occasionally great.

Change:

You are looking to change your current situation and you are motivated to make this happen. You are at the right place and time in your life journey to make this change. Whether you have a great career, or a job you hate, you have realized that your current path does not end up where you want to be. You are looking for more out of your life.

You recognize that what does not challenge you does not change you and are willing to get out of your comfort zone to achieve what you want.

Attitude:

No Jerks Allowed. You try your best to treat people well. You are down to earth, humble and friendly. You are eager to learn and enthusiastic about possibility. You value your personal growth and development. You don't have all the answers but will not stop until you find out who has the answer.

AND if one of the following are true:

Income:

Employed with a minimum \$100,000 in combined household annual income. You own your home, have access to a minimum of \$25,000 in capital and a positive net worth.

OR

Drive:

You have a high drive factor. You are willing to work hard, smart and with a sense of urgency. You are determined to make it happen. You are committed to achieving the result you want. You will invest your time and are willing to work. You have a unique or valuable skill or capability (contractor, skilled negotiator, sales, interior designer, urban planner, etc.) or are willing to work hard to develop one.

MEMBERS RAVE ABOUT OUR TRAINING & SUPPORT

Shyam

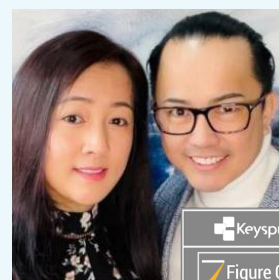

"We immigrated to Canada in 2009 and bought our first house in 2010. Our son was born 2 years later and we were planning for his educational needs as well as our future retirement. It was financially very challenging to meet these goals - so we bought our 1st investment property in 2015 (a townhouse)- as a way to help in. Our realization came after we attended a session with Scott - where it was clear that real estate investment is a great mechanism for building generational wealth. However, after joining Keyspire, we realized that Real Estate is much more than that. We took all the courses, training, coaching and transformed this passive activity into a real business. In 2 years, we grew our portfolio from 1 to 60 doors. All buy-and-hold turnkey properties."

The staff at the workshop spoke very passionately about Keyspire and their experiences. Everything was there for us to succeed, but it was up to us to make that big step for ourselves. At the end of the 3 day workshop we joined and actively participated in everything Keyspire offered...Fast forward and today we have approximately 154 doors, 40 real estate transactions, 100 private lending transactions, 20 JV's, land development projects (5 SFH), and handful of flips, 4 apartment buildings and so much more."

Ryan & Jenny

"I have learned so much with Keyspire. I am now scaling up into Multi-family investments (20 doors under contract and 8-more being negotiated). The knowledge that I gained allowed me to retire my dad and peace of mind for my mom to retire whenever she wants to. It also gave me the confidence to leave my 9-5 career once it is no longer fun or fulfilling. I might be redundant but Keyspire played a huge part in my success. Primarily, Keyspire empowered and armed us with knowledge that drives confidence to go and take action. Secondly, Keyspire provided turn-key solutions to participate immediately in different facets of real estate. Finally, Keyspire created a medium to connect with other like-minded investors that became friends and mentors. The biggest benefit of the Keyspire program is allowing us to get closer to our WHY while also continuing to raise our expectations of ourselves to reach higher objectives."

Colin & Nicole

"Before Keyspire, we did not know much about real estate. We were limited to thinking that you had to buy properties in driving distance, find tenants yourself, property manage them yourself, and then eventually sell for a profit. The 3 day weekend workshop opened our eyes to all the different investment streams that we never heard of. We trusted the knowledge, but still went home and googled everything Paul said during the workshop. We believed in Michael and Scott being authentic people and wanting to truly help others."

Leo & Jacqueline

"Keyspire had everything to do with our success. We went to the 3-Day Workshop, decided to join and from 2019 our lives changed. The connections and network we have made through the Keyspire network is priceless. We are overly grateful and blessed for the amazing group Scott and Michael have created. Truly life changing!" Leo and Jacqueline have 28 doors.

LFD and RPM bootcamp were a big aha moment and am now working towards my LFD sooner than official retirement age."

Randy & Alison

"When we started with Keyspire in Feb 2020, we had 3 student rentals in Waterloo for a total of 3 doors. Since then, we've added 3 more properties for a total of 22 doors.

Also, we have 2 more properties with 13 doors under contract to close by the end of the year. In addition, we have a new build in Alberta with 8 doors scheduled to complete mid to late next year. In total, we have 43 doors under contract!!"

Monique

"Prior to Keyspire, had a cashflow negative condo and was not confident in investing in another property. Since joining Keyspire, acquired a duplex, sold the condo, and have just acquired another turnkey duplex which will close early 2022. We have found the keyspire program, training, personnel, and entire community of members to be absolutely amazing! We have met so many people, made great connections for our investments and our life as friends in a short time, and have met so many amazing people at the member summit in Toronto. I highly recommend Keyspire to any who are interested in real estate investments in Canada, the US, or most of the world.

If you're serious about real estate investing then this is the membership you need. The value is phenomenal, in just 3 short months we saved more than the money invested to join from helpful referrals from other members with mortgages and contractors, and the guidance from our coach. The courses available to you, your coach and the live training sessions add so much value and save you so much headache. This is a fabulous group and great team of likeminded individuals.

We have been members since 2021 and already have accelerated our portfolio. After our first virtual summit we purchased A vacation rental and built relationships that grew into 3 joint ventures and 2 private lending deals. With the help of our coaches and the keyspire community we are actively working on securing more properties, more private lending and building more connections accross the country and the US. Nowhere else can you find a supportive and caring group of like minded investors. Just do it and join the community.

Thank you, Keyspire! You provide phenomenal training for new and seasoned real estate investors alike. I have learned so much that I am now putting to use, to build a new future for me and my family. I am especially excited to work with the Experts recommended, as there is a significant difference in their knowledge and expertise. On top of that, the community is welcoming and open to do business with. What can be better than that?

Keyspire changed my life and the life of many persons I know. The founders Michael and Scott have created the most inspiring and supportive educational community where everyone can learn how to invest in Real Estate and use it to become financially free.
All the staff, coaches and members are knowledgeable and go above and beyond to support everybody success.
They are just the best!!

What an amazing group of people. Becoming a member has been the best decision I have ever made. Scott and Michael really are as genuine as they appear, and it trickles down through the whole community. I have never encountered a more supportive and collaborative group in my life. My life has been enriched by more than just money - I have made some life-long friendships and partnerships, and in only 4 months have grown my portfolio by leaps and bounds. I couldn't have done it without the tools and people the Keyspire community has provided me with.

Keyspire has been an absolute outstanding community to be part of! My husband and I have been able to make leaps and bounds with our Real Estate Investment journey, and our accomplishments would not have been possible without the support and mentoring of all the amazing people who are part of the Keyspire team.
